

L-Bars™ - Feature Overview

- L-shaped cross section for each member, when assembled together provides a ½" X 1 ½" C-Channel shaped profile for superior rigidity.
- Consists of two identical parts in all aspects, therefore interchangeable.
- Fits into C-Channel notches in Tripar 1254 Butterfly Bracket.
- Retains most of the features present on the famous 1287 bar hanger.
- Item # 1487 – Four L-Bars required per fixture.

Contains integral nails, which are:

- * 1. Located as far away as possible from the main bar to permit easy nailing.
- 2. Oriented parallel to joist wood grain for easier installation.
- 3. Toothed to resist pullout.
- 4. The sharpest available achieved through a proprietary process.
- 5. Retracted and surrounded for added safety prior to installation
