

Announcement: Feb, 2016 – Crossbar wind down

Tripar's mission statement reads in part, "To be at the forefront of metal stamping technology...". Over the last 66 years Tripar has met this goal by continually investing and creating new divisions within the company, which include metal stampings & forming, sheet metal fabrication, automated assembly, and most recently CNC fabrication. To ensure we meet our mission statement moving forward, we have made the decision to wind down our production of crossbars and reinvest the capital to broaden our core metal stamping capacities. As of February 2016 Tripar will no longer be producing anymore Crossbars.

As a customer who has purchased crossbars from in the last 3 years (since January 2013), we would like to give you as much notice as possible, as well as to help you transition to a new potential supplier. For fulfilling your future crossbar needs, we would like to recommend a company that offer a similar line, with whom we have had a business relationship for decades. They are:

Etlin-Daniels
1850 Wilson Ave.
Toronto, ON M9M 1A1
T: 416-741-7336 & 800-661-9610
F: 416-741-9104
sales@etlin.com or ddaniels@etlin.com

Feel free to contact David Daniels, President, with whom you can discuss your needs and understand more about Etlin-Daniels.

We thank you for the crossbar business you have given us over the years, and will do our best to help you through this transition.

Best regards,

Lloyd Sevac, President
